

## Admission to Student Teaching e-Portfolio Disaggregated

All program completers will have submitted an electronic portfolio as one of the requirements for admission to the teacher education program. This requirement confirms that the candidate has the skills required to develop a website and to use technology effectively.

The rubric for the e-Portfolio utilizes the rating scale below in conjunction with the list of required component that follows.

0 = Below Basic	1 = Basic	2 = Proficient	3 = Distinguished
Significant discrepancies from criteria	Some components do not meet criteria	All criteria met - product components complete	Exemplary work - product exceeds expectations

Required Components of the e-Portfolio
<b>Professional Resume:</b> Should include information about their education, skills, work experience and professional development activities, such as workshops, seminars, lectures, or conferences.
<b>List of Professional Organizations and Extracurricular Activities:</b> List of all professional organizations in which they are a member, to include any extracurricular activities (e.g., varsity basketball, choir, intramural sports, etc.)
<b>Field Experiences Summaries:</b> A summary describing each field experience placement. The summary should identify the age/grade span, ethnic, gender, exceptionalities, and urban/rural setting in which they participated in addition to reflections on the experience.
<b>Sample Lesson Plans:</b> At least 3 plans which include multiple instructional strategies, a technological emphasis, and inclusion that were developed in methods courses and field experiences. A personal reflection statement indicating their evaluation for each lesson should be added.
<b>Management Plan*:</b> The management plan describing their overall philosophy of classroom management that they intend to employ, along with specific classroom practices planned to create a productive and positive classroom. While this does include a discipline plan, the effective management plan should provide ideas for the classroom environment, opening exercises, transitions, grouping strategies, environmental enhancements, parental involvement, and other appropriate management techniques.  * Please note: a student may currently be enrolled in this course at the time of admission. In that case, the Instructor will be responsible for grading the Management Plan.

A minimum of two content area faculty members evaluate each electronic portfolio (e-portfolio). The tables that follow reflect the number of portfolio evaluations submitted by major. Single evaluations or

an odd number of evaluations suggest either a very small program with limited content area faculty to conduct the review, or possibly a third evaluation submitted for a single e-portfolio.

Program	2012-13	2013-14	2014-15
Elementary Education	56	40	47
Elementary Education / Special Education	12	35	21
Biology Education	2	2	0
Business Education	6	2	1
Computer Education	3	1	0
English Education	2	6	3
Mathematics Education	0	12	4
Physical Education	6	5	11

Data from the tables in the final section of this report (disaggregated by major) are summarized in the tables that follow.
