# Time Management

# Time Management

Get organized: keep a to do list

Set goals that are both challenging and realistic

Start tasks early

Do it NOW (there is no "right time")

Introduce yourself to your instructors and drop in during their office hours to review what's been going on in class

Make use of on campus tutors to review course material and

<http://www.dsu.edu/academics/tutoring/>

Formalize your study time

Get involved in and excited about your work
