Computer Settings for courses using MyMathLab

1. Allow Pop-Ups by course compass and MathXL. Begin by going to the Tools menu in Internet Explorer then Open Internet Options. Click on the Privacy tab then choose Settings. The following screen will appear, type in the allowed sites that appear below and add them to your allowed sites.

![Pop-up Blocker Settings](image)

2. Set CourseCompass and MathXL as trusted sites. Under the Tools menu of Internet Explorer choose Internet Options then click on the Security tab then choose Trusted Sites as shown below.

![Trusted Sites](image)
Click on the Sites button then add the following sites:

https://www.coursecompass.com
https://media.pearsoncmg.com
https://www.mathxl.com
